AN EQUITABLE INSTALLMENT LOAN MAKES IT EASY FOR YOU.

Because:

1. You steadily reduce the principal with but little greater monthly outlay than rent.
2. You do not have the total principal due in a lump sum, which may be difficult to meet.
3. On a $1000 loan for five years your interest would be $83.20 lower than a "straight" loan.
4. You are doing business with an Oregon company, organized in 1890—firmly established.
5. You receive your loan quickly, easily and without commission, bonus or other expensive costs.
